Master STAGES™ Task2™ GC

Glass Cleaner

Master STAGES™ Task2™ Glass Cleaner is an industrial strength, water-based cleaning agent that does an outstanding job in the industrial environment for cleaning machine tool glass and other hard surfaces.

Maintenance

Whether cleaning true grit or light soil from machines, work surfaces, glass, or floors, there's a highly-concentrated, cost-effective Master STAGES cleaner to get the job done and save hours of maintenance. So, don't just get it clean — get it Master STAGES clean! Master STAGES highly concentrated Whamex™ sump and central system cleaners for interim and full cleanouts extend sump life, are very cost effective, and greatly reduce downtime.

All Master STAGES environmentallyfriendly products are safe for human contact and free of harmful, corrosive chemicals and troublesome SARA 313 ingredients.

Aerospace Approvals

Company	Specification
Raytheon Technologies/Collins Aerospace/Pratt & Whitney	PMC 1406

Choose Task2 GC:

- Use full strength
- For glass and plexiglas shop cleaning
- Pratt Whitney Aerospace Approval PMC 1406-41
- Contains no butyl, caustic, silicate, phosphate, nitrite, phenol, or borate
- Very low V.O.C. content, and conductivity
- Environmentally friendly, certified "Readily Biodegradable" by OECD Method 301D (EPA Guideline OPPTS 835.3110)
- Will not harm TRIM metalworking fluids

Task2 GC especially for:

Applications — glass cleaning, spray bottle

Soils — coolant residues

Metals — brass, cast iron, ceramic, chrome, copper, Formica[®], glass, multi-metal, plastics, stainless steels, steels, and zinc

Industries — aerospace

Task2 GC is free of — 2-butoxyethanol (Butyl), ammonia, borates, caustic, nitrites, phenols, phosphate, and silicates

Health and Safety

Glass Cleaner

Application Guidelines

- Use full strength
- This ready-to-use formula is tough on common shop soils yet leaves no residue or streaks
- For additional product application information, including performance optimization, please contact your Master Fluid Solutions' Authorized Distributor at https://www.masterfluids.com/na/en-us/distributors/index.php, your District Sales Manager, or call our Tech Line at 1-800-537-3365.

Additional Information

- Industrial use only
- Consult Master Fluid Solutions before using on any metals or applications not specifically recommended.
- This product should not be mixed with other metalworking fluids or metalworking fluid additives, except as recommended by Master Fluid Solutions, as this may reduce overall performance, result in adverse health effects, or damage the machine tool and parts. If contamination occurs, please contact Master Fluid Solutions for recommended action.
